STATE CLEARINGHOUSE

NEWSLETTER

July 1 through 15, 2003

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **July 1 through 15, 2003.**

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse.html#clearinghouse

Questions regarding federal grant notices should be directed to Sheila Brown.

Questions regarding processing of environmental documents should be directed to:

Phillip Crimmins (for projects in Northern California)
Scott Morgan (for projects in Southern California)

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 222) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

DATE: MAY 15, 2003
TO: ALL CEQA LEAD AGENCIES
FROM: TERRY ROBERTS, STATE CLEARINGHOUSE
RE: ACKNOWLEDGEMENT LETTERS FOR CEQA DOCUMENT SUBMITTALS

Due to recent budget cuts we are no longer able to provide written acknowledgement of the receipt of your Environmental Impact Report or Negative Declaration for state review. We will discontinue this service effective June 1, 2003. You may call the State Clearinghouse at (916) 445-0613 to request verbal confirmation, or access that information by visiting our CEQAnet database at www.ceqanet.ca.gov. We apologize for any inconvenience this may cause you.

The State Clearinghouse will continue to provide a closing letter with any state comments on the date following the close of the review period.

ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE 1999 through 2002

	NOP	EIR	ND/MND	NOD	NOE	EA	EIS	OTHER	DOCUMENT TOTAL	Total Projects

KEY:

NOP	Notice of Preparation
EIR	Draft Environmental Impact Report
ND/MND	Negative Declaration/Mitigated Negative Declaration
NOD	Notice of Determination
NOE	Notice of Exemption
EA	Environmental Assessment (federal)
EIS	Environmental Impact Statement (federal)
OTHER	Other types including Final EIRs, Early Consultation, etc.

NOTES:

Percentages in parenthesis indicate the percentage of total documents for calendar year 2002.

There are more Total Documents than Total Projects because there are often multiple environmental documents filed for any individual project.

CEQA & Planning Case Law

Summary of Recent CEQA & Planning Case Law

The following are summaries of recent court cases relating to the California Environmental Quality Act and/or land use planning law.

No Cases have been selected for the period of July 1-15, 2003.

Please be advised, the information contained in these summaries does not constitute legal advice, nor should the summaries be relied upon as a matter of law. Refer to the full text of the cases cited for the complete ruling and case facts.

CEQA Documents

Key for abbreviations of Document Type:

CON	Early Consultation Notice
EIR	Draft Environmental Impact Report
SIR	Supplemental EIR
SBE	Subsequent EIR
EIS	Draft Environmental Impact Statement
EA	Draft Environmental Assessment
JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

CEQA Actions

<u>Documents Received on Tuesday, July 01, 2003</u>			
2002041129	Canyon Sewer Cleaning Program/Long-Term Canyon Sewer Maintenance Program San Diego, City of --San Diego The Canyon Sewer Cleaning Program proposes to clean and maintain all City of San Diego sewer pipelines within canyons and other environmentally sensitive lands, and construct new temporary access paths where necessary. The Cleaning Program would implement performance criteria and procedural guidelines to avoid and/or minimize environmental impacts. The Long-Term Sewer Maintenance Program proposes to evaluate each of the City's sewer lines in environmentally-sensitive areas for long-term maintenance access needs and would include those sewer pipelines in the Cleaning Program. This evaluation would be based upon recently adopted Council Policies, 400-13 and 400-14. Both Programs would be implemented City-wide Applicant: City of San Diego, Metropolitan Wastewater Department.	EIR	08/14/2003
2003021023	Amendment to the Redevelopment Plan for Redlands Redevelopment Project Redlands, City of Redlands--San Bernardino The Redevelopment Agency proposes to amend the Redevelopment Plan for the 860-acre Redlands Redevelopment Project Area to reinstate the Agency's eminent domain power for acquisition of residential property within the Project Area.	EIR	08/14/2003

2003012004	<p>Neuschaffer Annexation Lodi, City of Lodi--San Joaquin</p> <p>The Neuschaffer Annexation is a proposal to annex, amend the general plan land use designation, and pre-zone a 10.28-acre property on the northwest corner of the intersection of Cherokee and Harney Lane. More specifically, the property is located a 13669 North Cherokee Lane, at the southeast corner of Lodi, Assessor Parcel Number: (062-290-17). There is also the potential to add three additional adjacent properties totaling 7.93-acres. These three properties are located at 4071, 4145, and 4219 East Harney Lane, Assessor Parcel Numbers: (062-290-38,37, & 14).</p>	NOD	
2003022034	<p>Plummer Rezone Lodi, City of Lodi--San Joaquin</p> <p>Baumbach and Piazza, Inc. on behalf of Dennis Plummer is applying to the City of Lodi for the rezoning of two properties from U-H, Unclassified Holding to M-1, Light Industrial. The parcels are located at 1331 and 1349 East Kettleman Lane. The parcels are within the City Limits, and encompass a total of approximately 27 acres. The Parcels have an existing general plan land use designation of LI, Light Industrial, which is consistent with the proposed zoning. The rezone is necessary to allow the use of the property as an automotive sales, repair and collision center.</p>	NOD	
2003041042	<p>Owens Gorge Test Flow Study Los Angeles City Department of Water and Power Bishop--Mono, Inyo</p> <p>The project is to increase and decrease the flow rate below Upper Gorge Powerplant over a 10 day period. The flows will be gradually changed for the purpose of evaluating the fitness of facilities and structures in the flood plain to withstand higher flows and determine an estimate for potential retrofitting cost.</p>	NOD	
2003041133	<p>La Mesa Hilltop: Site Development Plan and Design Review DAB/DRB 03-04, Tentative Tract Map TTM 03-01, Zone Reclassification Z-01-03, & Special Permit SP-03-05 La Mesa, City of La Mesa--San Diego</p> <p>A request by Intracorp for a Site Development Plan, Design Review, Tentative Tract Map, Rezone and Special Permit to subdivide a 8.34-acre site into 36 single family residential lots and one open space lot, between Massachusetts and Orien Avenues, in the R1 (Urban Residential) and R1S (Suburban Residential) zones. The applicant proposes a Planned Residential Development to include 34 single-family lots and one open space lot. A zone reclassification is proposed to adjust the R1 and R1S zone boundary to align with lot lines on the portion of the property fronting on Massachusetts Avenue. A Special Permit is requested to permit fill within setbacks and walls in excess of height limitations. The site is designated for Residential use in the La Mesa General Plan, and is within a designated "Visually Sensitive Area." This proposal requires approval by the City of La Mesa Development Advisory board, Design Review Board, Planning Commission and City Council. City of La Mesa File Number DAB/DRB 03-04, TTM 03-01, Z-01-03 and SP-03-05.</p>	NOD

2003052057	Guided Kayak and Canoe Tours, Lessons, and Rentals on Mono Lake Tufa State Reserve Parks and Recreation, Department of --Mono The project is to permit two separate operations: 1. a guided kayak and canoe tour operation; and 2. a guided kayak and canoe tour, lessons, and rentals operation.	NOD	
2003078000	North Salmon Creek Dunes Western Snowy Plover Recovery Project Parks and Recreation, Department of --Sonoma Control exotic plant species including, but not limited to, European beachgrass and iceplant. Manual removal and possible chemical control are planned in the one-acre project area, covering approximately one quarter-acre per year. Project is designed to enhance coastal dune habitat in an effort to support recovery efforts for the coastal population of the federally listed (threatened) western snowy plover (WSP). Salmon Creek Beach is identified as critical habitat for the WSP.	NOE	
2003078001	Gates and Fencing - Mammoth Bar OHV Area Parks and Recreation, Department of --Placer This project will install fencing and gates to close six existing unauthorized trails within the Mammoth Bar OHV Area. The six unauthorized trails to be closed are the Wagon shortcut, Murderers Gulch, Ranch loop, Ranch-Hillside junction, Hillside shortcut and "S" trail.	NOE	
2003078002	Huckleberry Campground Road Repaving and Accessible Parking Parks and Recreation, Department of --Santa Cruz Repave Huckleberry Campground Road, replacing existing culverts. Add paving to approx. eight existing parking spurs to meet accessibility standards and restripe existing overflow parking to create van-accessible parking site in Big Basin Redwoods State Park. Project supports continued use and maintenance of park facilities and increases accessibility.	NOE	
2003078003	Ehrman Carriage House Repairs and Stabilization Parks and Recreation, Department of --El Dorado Repair, stabilize and rehabilitate the historic Ehrman Carriage House at Sugar Pine Point State Park to protect and preserve the historic fabric and significance of the resource, improve ADA accessibility, enhance visitor services, and support continued use and maintenance. Upgrade utility systems to meet code requirements and replace existing single occupant restroom with new ADA compliant restroom. Upon completion, lower floor of House will become the interpretive entrance to Ehrman Mansion complex.	NOE	
2003078004	Plant #146 Well Project Health Services, Department of Highland--San Bernardino The existing well had an original pumping capacity of about 2,000 gpm. The well is presently experiencing problems with its casing and, as a result, its pumping capacity has been reduced to less than 1,300 gpm. EVWD is proposing to develop a new well at Plant #146 with an estimated 1,500 -2,000 gpm pumping capacity. The existing well at Plant #146 will either be used as a backup well, or will be refurbished. Because the wells will be located about 100 to 120 feet apart, the two wells will not be in full production at the same time and total water	NOE

2003071026	CUP 02-344 / PM 26755 Los Angeles County Department of Regional Planning --Los Angeles The proposed project is a request to subdivide one lot into two lots for single-family residences. Approximately 23,897 c.y. of grading will be required and there will be minor directional on-site change of surface flow patterns, but out flow will remain the same. There will also be one proposed septic disposal area and although there is water service for the existing house on lot 1 water will be provided to lot 2 by a water well. Application also includes a CUP request for Hillside Management.	Neg	07/31/2003
2003072004	Hangtown Creek Wastewater Treatment Plant Phase III-A Improvements Placerville, City of Placerville--El Dorado The proposed project will improve the treatment process of the Hangtown Creek Wastewater Treatment Plan to enable its effluent quality and sludge handling and disposal activities to meet new effluent limitations for turbidity, nitrates, and total coliform adopted by the Regional Water Quality Control Board, as an amendment to the City's Waste Discharge Requirements Order No. 5-01-045, NPDES Permit No. CA0078956 and sewage sludge disposal requirements promulgated by the EPA. The proposed improvements include: modified and improved activated sludge processing; improved disinfection; enclosed chlorine storage area; reliable standby power; and, improved process instrumentation and control. This project will not increase capacity of the Wastewater Treatment Plant.	Neg	07/31/2003
2003072006	Gordon New Residence - PLDVN03-2808 Mill Valley, City of Mill Valley--Marin Construction of a new single family residence on a 10,117 upsloping site.	Neg	07/31/2003
1990020181	Precise Plan Area #20NW Modesto, City of Modesto--Stanislaus A Precise Plan for Area No. 20NW within the Village One Specific Plan, consisting of an approximate 30-acre, 138-lot, single-family residential subdivision and a 248-unit multi-family development.	NOD	
1993012011	North Bend Drive Bridge Project Sacramento, City of --Sacramento This agreement pertains to the North Bend Drive Project. Activities include construction of a vehicle bridge over the east drainage canal at Natomas Parl, City of Sacramento.	NOD	
1998041031	Silverhawk III Riverside County Temecula--Riverside Streambed to develop approximately 122 single-family homes and their associated infrastructure on the 54.6-acre site. The project will include 11.6 acres of open space. The proposed project will impact 0.44 acres of southern willow scrub and 0.38 acres of ephemeral riparian habitat for a total of 0.82 acres of riparian habitat.	NOD

2003071032	Conditional Use Permit 03-09/Development Review 03-10 Boca Raton Water Reservoir Upgrade Poway, City of Poway--San Diego The Boca Raton reservoir site is isolated on top of a hill, in a gated residential area, and is surrounded by homes built over a number of different years. The site is located between Tam O'Shanter Drive on the north, south and west, and on the east by Old Coach Road. Currently, site access is from the 40-foot-wide easement, which originates at Tam O'Shanter Drive, across the west side of Parcel 2 on Parcel Map No. 17898. In addition, a 20-foot-wide water easement runs across the north side of Parcel 2 on Parcel Map No. 17898 and ultimately merges with the tank site property from the north. The site varies from Elevation 883 feet on the westerly side of the tank, to Elevation 840 on the eastern property slope. Electrical power is provided to the site via overhead wires running along a 12-foot-wide SDG&E easement across the western side of Parcel 2 on Parcel Map 17898. The existing reservoir is located on a 0.4 acre site and the new tank will be located on an adjoining 0.7-acres. The new site is covered with a mix of native vegetation, large boulders, and disturbed land.	Neg	08/01/2003
2003072007	Poplar Creek Crossing Restoration Plumas County Planning Department --Plumas Elimination of eroding gully by partially filling culvert, adding floodflow culverts at meadow elevation, and ponding and plugging the gully. See initial study for more information.	Neg	08/01/2003
2003072008	EG-02-347 Elk Grove Auto Mail Special Planning Area Elk Grove, City of Elk Grove--Sacramento The project is a new Special Planning Area for signs within the Auto Mall. The applicant is proposing amendments to the existing sign criteria for the Auto Mall and the addition of language to allow the installation of an 80 foot tall highway sign and a 25 foot tall entry sign both with electric reader boards.	Neg	08/01/2003
2003072009	Franklin Adult School Berkeley Unified School District Berkeley--Alameda The project would relocate the Berkeley Adult School from its present location at 1222 University to the former Franklin Elementary School, which was closed after the 2001-2002 school year. The project would add surface parking lots, and meet ADA requirements.	Neg	08/01/2003

2003072018	James and Catherine Johnson Zone Change and Tentative Parcel Map (Z-03-05 and TPM-03-13) Siskiyou County Planning Department Etna--Siskiyou The applicants propose to rezone an 80-acre portion of their property currently zoned for Rural Residential uses to the Prime Agricultural zoning district to more accurately reflect the agricultural production capability of the one-site soil types. The proposed zone change would facilitate the proposed division of a 243-acre parcel into two 81-acre parcels and an 81-acre remainder.	Neg	08/05/2003
2003072019	Murphy/Moore Rezone and Parcel Map Sacramento County --Sacramento A Rezone from AG-80 (F) for 60.8 acres. A Tentative Parcel Map to create 3 lots.	Neg	08/05/2003
2003072021	Measure F Amendment Cotati, City of Cotati--Sonoma The Cotati City Council will consider placing a measure on the November 2003 election ballot to amend the City General Plan and Zoning Ordinance relative to former Measure F. Measure F was an Initiative, submitted by the voters and approved in the November 1997 election, that limited the commercial retail use of buildings in zoning districts allowing commercial Retail uses to a maximum of 43,000 square feet of gross floor area. The City will consider an amendment which would exempt specific areas within the City's sphere of influence from the limitations imposed by Measure F. The exempted area, known as the Northwestern quadrant in the City's General Plan, is approximately 270 acres situated north of Highway 116 (Gravenstein Highway), west of Redwood Drive, south of Copeland Creek, and east of Locust Avenue.	Neg	08/05/2003
2003072023	Kenneth and Karen Kasten and Lois Janis Tentative Parcel Map (TPM-03-12) Siskiyou County Planning Department Mount Shasta--Siskiyou The applicants request Tentative Parcel Map approval to divide a 4.98-acre parcel into a 2.5-acre parcel and a 2.48-acre remainder. The propose parcel configuration has been designed so that the existing dwelling and septic system would be located within the designated remainder parcel.	Neg	08/05/2003
2003072024	City of Chico Housing Element Update Chico, City of Chico--Butte Update of the City's General Plan Housing Element.	Neg	08/05/2003

2003052122	State Route 89 Road Rehabilitation & Bridge Replacement Caltrans --Shasta The California Department of Transportation (Caltrans) and the Federal Highway Administration (FHWA) propose to undertake a safety project on State Route (SR) 89 in Shasta County and Siskiyou County. The project is located in northeastern Shasta County, north of the community of Burney, on SR 89 between KP SHA 47.2/SIS 0.2 (PM SHA 29.3/SIS 0.1).	NOD	
2003079013	Carp Timber Harvest Plan #2-02-090 BUT (1) Fish & Game #2 --Butte The California Department of Fish and Game is executing a Lake or Streambed Alteration Agreement number R22003-182 pursuant to Section 1607 of the Fish and Game Code to the project applicant, Sierra Pacific Industries. The project is the installation of 22 watercourse crossings and waterholes associated with this timber harvest plan. The crossing numbers itemized within the DFG Code Section 1607 permit correspond with the timber harvest plan designations.	NOD	
2003078071	Pump Station Upgrade R2-2003-173 Fish & Game #2 Davis--Yolo Upgrade an existing pump station by installing a three-sided steel box (sump) to house the existing submersible pumps. The cove will be backfilled up to the edge of the sump and rip-rapped on three sides. Four new pilings will be driven on the edge of the Putah Creek Canal.	NOE	
2003078072	Bethel Island M.I.D. Waterside Levee Improvements R2-2003-540 Fish & Game #2 --Contra Costa Place riprap on waterside of existing levee at 12 locations to meet FEMA and HMP levee standards. Work also includes placing riprap at the waterside toe to stop severe erosion in the area of levee station 150-00.	NOE	
2003078073	Drainage Maintenance Project, R2-2003-35 Fish & Game #2 Paradise--Butte Removal of vegetative material including blackberries, various brush and other obstructions on drainage flows in and around culverts, ditches and seasonal streams.	NOE	
2003078074	Culvert Replacement R2-2003-157 Fish & Game #2 --Nevada Removal and replacement of two existing 36 inch culverts with three 48 inch culverts.	NOE	
2003078076	Hotel Gulch and Wheeler Road Maintenance and Repairs Fish & Game #3 --Mendocino The proposed projects have the potential to substantially divert or obstruct the natural flow or substantially change the stream bed, channel, or bank of a watercourse (California Fish and Game Code 1600) and involve the installation of culverts and a rocked ford on an existing road.	NOE

<u>Documents Received on Tuesday, July 08, 2003</u>			
2003078077	Porter Creek Restoration Fish & Game #3 --Sonoma Restore a portion of Porter Creek and Archer Creek by removal of rock rip-rap from the upper banks of Porter Creek downstream of Westside Road; placement of the removed rip-rap and some logs in the bed of the stream to create boulder weirs and boulder clusters for fish habitat; placement of 20 to 30 linear feet of rip-rap to stabilize an eroding portion of the bank.	NOE	
2003078078	Ranchito Canyon Culvert Fish & Game #3 --Monterey Ranchito Canyon Creek is an ephemeral drainage that tributaries to the Estrelia River in Southern River in southern Monterey County, Township 24S, Range 13E, Section 33. The project site is a degraded riparian corridor surrounded by non-native annual grasslands that are highly disturbed due to the presence of cattle and wild hogs. The proposed project would install an corrugated metal pipe arch culvert in the channel to allow vehicular traffic to cross over the creek.	NOE	
2003078079	Covell Offset Well Fish & Game #3 --Mendocino The applicant proposes to operate a one horsepower pump in McCoy Creek, tributary to the South Fork of the Eel River for domestic purposes. The installed pump will be operated by a pressure switch and will draw 8-12 gallons per minute when operating. This direct diversion is proposed to be operated year round, and daily use of water from this system is estimated at 150-300 gallons per day year round.	NOE	
2003078080	Memorandum of Understanding for Routine Channel Maintenance Activities R2-2003-236 Fish & Game #2 --San Joaquin Routine maintenance for operation of water supply, drainage, flood control, water conveyance and any flood control structures.	NOE	
2003078081	Tulucay Creek Horizontal Directional Drilling Fish & Game #3 Napa--Napa Replacement and relocation of a 6-inch diameter PG&E gas line (distribution feeder main, 1924 vintage) located within the right-of-way of Highway 221. The project size is located at the intersection of Highway 221 and Streblow Drive, south of Napa Valley College in Napa. A combination of a horizontal directional bore and open trenching, will be used to install the new section of gas line.	NOE	
2003078082	Bridge Creek Fish Passage Improvement Fish & Game #3 --Mendocino The Bridge Creek culvert and fill on Masonite Road will be replaced with a bridge. Two rock weirs will be constructed in the channel below the bridge to stabilize the streambed and facilitate fish passage. SAA #1600-2003-0516	NOE

2002011114	Specific Plan No. 2001-01: North Park Village and Nature Preserve Moorpark, City of Moorpark--Ventura The specific plan project would allow for the development of 1,650 residential dwelling units on 769.7 acres of the 3,586.3 acre site. Other proposed related and supporting uses would include a 5-acre neighborhood commercial center, a 12-acre school site, a 29.1 acre public Youth Sports Park, 3 public parks, 10 private parks, a 52-acre publicly accessible lake, a 1.5-acre fire station site, and a 1.6-acre day care/church site. A 2,121-acre Nature Preserve and 423.4 additional acres of open space are a part of the project proposal. Ancillary land uses would include but are not limited to, water reservoirs detention basins, and a fire service heliport. The Specific Plan project proposes that a new interchange with the SR-118 freeway be constructed about 1 mile east of the Collins Drive interchange. A four-lane arterial roadway would connect the interchange to the Specific Plan site and provide direct access into Moorpark College. The applicant is also seeking annexation of the site into the City of Moorpark.	EIR	08/25/2003
1997061047	LAX Master Plan and Draft EIS/EIR Los Angeles, City of Los Angeles, City of--Los Angeles The Joint Draft EIS/EIR provides complete descriptions of the environmental conditions, in and around LAX, the potential environmental impacts of the improvements associated with each alternative, mitigation measures to address potential impacts, and other information required by NEPA and CEQA. 2003071058	Elsinore Valley Municipal Water District Water Distribution System Master Plan and Wastewater Master Plan Elsinore Valley Municipal Water District Lake Elsinore--Riverside EVMWD plans to improve and expand its water and wastewater facilities based on recommendations from the Water Distribution System Master Plan and the Wastewater Master Plan. These facilities will allow EVMWD to meet anticipated infrastructure requirements. Proposed improvements to the wastewater system include: collection system upgrades (approximately 250,000 linear feet of pipelines and 18 lift stations), expansion of the existing Regional and Canyon Lake WWTPs, demolition of the existing Horsethief Canyon WWTP, and construction of a new plant at Alberhill for a total of 31.6 additional mgd of wastewater treatment capacity by 2020. Water distribution system improvements identified include: approximately 30,000 acre-feet of additional water supply through a combination of additional imported water and new well capacity; new storage capacity of 70.3 million gallons to meet existing deficiencies, and future operational, emergency, and fire storage demands; and expansion of 6 pump stations, 4 pump station replacements, and 14 new booster stations to provide a total of 42.42 million gallons of additional pumping capacity.	NOP	08/08/2003
2003072038	Draft Ukiah Valley Area Plan Mendocino County Ukiah--Mendocino The County proposes to adopt the Ukiah Valley Area Plan as an element of the Mendocino County General Plan. The draft plan tentatively approved by the Board of Supervisors includes Open Space and Conservation, Historic and Archaeological Resources, Safety, Airport, Parks and Recreation, Community Facilities and Services, Circulation and Transportation, Community Design and Land Use Elements. Noise and Housing are not included.	NOP	08/08/2003

	is located in a light industrial area. The former MGP consists of 2.2 acres of PG&E's existing 6-acre Marysville Service Cener. The site is completely fenced and paved except for a small landscaped area outside of the main office on Fourth Street. The site is on the Hazardous Waste and Substances Sites (Cortese) List based on the Sacramento Regional Water Quality Control Board listing of the underground tank that was the source of some of the subject PAH's.		
2003078165	Clean Harbors Los Angeles Toxic Substances Control, Department of Los Angeles, City of--Los Angeles The Clean Harbors Los Angeles, LLC facility (formerly Safety Kleen Inc.) is a commercial offsite treatment and storage facility. The facility accepts a wide variety of hazardous wastes and consists of six hazardous waste management units. Five of those units are container storage areas and one is a six hazardous waste management unit. Five of those units are container storage areas and one is a wastewater treatment area. As part of the permit, the facility must prepare and maintain an Emergency Contingency Plan that addresses the procedures for emergencies. The contingency plan provides a list of local authorities that the facility has designated to respond to emergencies that occur at the facility. It also provides a list of facility personnel that are designated to respond to emergencies that occur at the facility. During operating hours, at least one emergency coordinator is at the facility or on call and able to reach the facility in a short period of time. The facility is not on the Hazardous Waste and Substances Site List (also known as the Cortese List).	NOE	
2003078166	Onyx Environmental Services L.L.C., Azusa Facility, Class 2 Permit Modification, Modification #31 Toxic Substances Control, Department of, California Environmental Protection Agency Azusa--Los Angeles The Onyx Environmental Services L.L.C. Azusa Facility has requested a Class 2 Permit Modification to their Hazardous Waste Facility Permit (Permit). The modification consists of the following changes being made to their facility: 1) An administrative change of the first responder's address and telephone number in the Contingency Plan. 2) Modification of the existing Suction Line by adding an in-line strainer and isolation valve to the carbon-steel distillation column. 3) Replacement of the existing cooling tower. (This item is listed for information purposes only). 4) Change in form format of the Daily Facility Inspection Forms. 5) Addition of a glass distillation system.	NOE

Building provides all public health and human services to eligible people in Hayfork.	JD	08/12/2003
2003071074	Destination Ramon Palm Springs, City of Palm Springs--Riverside The project proposes the development of approximately 277,000 square feet of new commercial/retail uses. Specifically, the project proposes a new major commercial/retail store of approximately 225,000 square feet ("Major-1"), a free-standing gas station, and four commercial pads along the project site's northerly, Ramon Road frontage.	NOP	08/12/2003
2003072061	City of Concord General Plan and Zoning Ordinance Update Concord, City of Concord--Contra Costa The City of Concord is preparing a General Plan and Zoning Ordinance Update, and has determined that an Environmental Impact Report (EIR) will be necessary. The Genral Plan Update Will serve as a guide for development over the next 20 years, i.e., the period through 2025. It will contain background information, goals, and policies for the following elements: Land Use Element; Growth Management Element; Transportation Element; Public Services Element; Parks, Open Space, and Conservation Element; and Public Health and Safety Element. Concurrent with the General Plan Update, a Zoning Ordinance Update will be prepared to parallel the General Plan land use distribution and policy framework; it also will include a comprehensive review of use regulations, development standards and review procedures.	NOP	08/12/2003
2003072063	Adoption of Sport Fishing Regulations in Inland Waters of California Fish & Game Commission -- The project will be the readoption of current sport fishing regulations in the State as modified by amendments. The regulations are promulgated biennially by the Fish and Game Commission and set forth in Division 1, Chapters 1 and 5, Title 14,	NOP	08/12/2003
